

Working with Community Groups Special Steart

A coastal stretch facing change

Client – The Wildfowl and Wetlands Trust

Community based film project to raise awareness of the future of the peninsula

- In partnership with the local primary school we developed the children's filmmaking, photography and investigative skills. They took an active role in shooting footage for the final film.
- Shot location film and interviews.
- Recorded voice overs and compiled film.
- Community now have a greater understanding of the impact of the forthcoming changes and the WWT have closer communications with the area.
- School held a 'Red Carpet' event to premiere their film.
- Final film now being shown at the Wildfowl and Wetlands Trust centre at Slimbridge.
