

The Mere at Ellesmere

Client - Shropshire Council

Creation of an Interpretation, Learning and Access Plan for a successful 'Parks for People' bid and subsequent implementation of proposals

Contract value £130,000 (HLF funded)

The Mere project was to interpret the natural and cultural heritage of the historic parkland setting beside Shropshire's largest mere. Our work on planning and implementation included:

- A new display inside a refurbished boat house visitor centre
- Design and creation of a Cabinet of Curiosities where every object is linked to a story about the site
- Visitor controlled Wildlife Watch camera scheme
- Mini-guide leaflet with detailed illustrated map
- Outdoor interpretation panels
- Circular trail guide pack
- Activity trails for families
- Learning resources for schools
